

Key Indicator - 7.3.1 Institutional Distinctiveness (20)

Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words

Provision of availing internship

The prime motive of the Institution is to mould and empower students in the pursuit of knowledge, values and social responsibility and help them achieve excellence in various fields, thereby also preparing them to face global challenges. Our Institution has never faltered in stimulating the students in the pursuit of knowledge, ethics, and citizenship.

The Institute has established its distinctive approach towards this comprehensive Vision by the means of certificate courses or by allowing the students to organize events to develop their skills, multidisciplinary project development, Entrepreneurship development, Ethical and Human value development and Earn while Learn.

All the students are motivated to undergo Inplant Training / Internship at industry or research organization or university or Live-in-Lab for the period prescribed in the curriculum during summer and winter vacation.

Internship: Earn While Learn

Our institute organizes various workshops and training session to enhance the student's skill based on the industrial needs such as Personality enrichment, Employability skill development, Entrepreneurial development, Language skill development etc., The students studying UG and PG courses take up their projects through internship in industries

According to our curriculum, Institute has given the provision for students to avail the Paid internship during final year either for industrial project based on their interest or for the industry offers prior placement. Students can start working from the final year onwards by utilizing above said provisions. This is one of the privileges for the students to have the industrial exposure and the earlier career settlement.

Mentors motivate the students from the third year onwards for the final year internship. They are motivated to do the required Major and Minor courses in the NPTEL and to start their Mini and Major projects in pre-final year itself. This provision is to be availed by the students with the proper guidelines of the Mentor and the outcome of the practice is assessed by the Head of the Department and Principal. Without compromises in the regular academic attainment, the student would make optimum use of the advanced opportunities to get their career settled at the end of the course.

- Apart from this, in-house industrial internships are offered

In ECE Department VLSI testing lab has been established in collaboration with IIT BOMBAY.
