#### 6.3.4 Research and Development

The **Research and Development Cell** is established with an objective of promoting research by students and the faculty members in newly emerging and challenging areas of Engineering, Technology, Science and Humanities. R&D Cell encourages the faculty members and students for sending research proposals and receiving funds from various research bodies.

Faculty provided with On – Duty, Registration fee refunds for participating in conference, FDP, Seminars etc.

Encouraging faculty to organize, attend and present papers at state/national/international conferences and seminars.

Faculty members and students are motivated to publish their research papers in reputed national and international journals / conferences. Faculty members are guiding the students to do grant-in aid research under student project scheme. Experts from reputed institutions are invited for R & D related interactions. The project proposals are usually examined and evaluated by the Project scrutinizing committee before they get sent to the funding agency.

#### 6.3.5 Library, ICT and physical infrastructure / instrumentation

#### Library:

Library has sufficient e-journals which include DELNET and sufficient back volumes for all the departments. Digital library facilities with National and International online journals are also provided. Library administrations like issue / return of books are maintained. The library building is enabled with Wi-fi facility. Every year, additional volumes of books are added based on the requirements from all the departments.

Every class has one compulsory library hour for permitting the students to access the reference books and journals which augments the learning process. Apart from the central library, every department has a Department Library.

#### **ICT:**

All class rooms, tutorials rooms, seminar halls, laboratories pertaining each department is enabled with ICT tools.

#### Physical infrastructure/instrumentation:

The campus manager is monitoring the maintenance of academic infrastructure and other facilities.

A dedicated team of about 05 employees under the supervision of the Horticulturist functions exclusively for maintaining the green landscape.

The green ambience of the campus is maintained by the campus office.

#### 6.3.6 Human Resource Management

As per the AICTE & RTMNU university norms, faculty and staff requirement is forwarded to Recruitment committee consisting of Principal, HOD, senior faculty and External subject expertise for further action.

Arranging various orientation programmes for both teaching and non-teaching faculty members for upgrading their skills in their respective fields using latest technology.

Incentives are given to the faculty members for presenting research papers in reputed Journals / International and National Conferences.

Faculty are supported financially to attend Conference / Workshop & FDP's conducted outside the Institution.

#### 6.3.7 Faculty and Staff recruitment

Based on the vacancy in all departments for all positions, publish the advertisement in the Leading daily newspapers.

The recruitment committee comprises Principal, HOD's and senior faculty Who will conduct the interview and select the candidates and further approved based on qualification, experience and performance.

#### 6.3.8 Industry Interaction / Collaboration

The institution emphasizes upon career development of the students. This can be achieved by establishing MoUs with reputed core industries to enhance Industry-Institute Interaction activities like internships, industrial visits, value added courses, industrial projects, guest lectures etc., for the benefit of students.

**Entrepreneur Development Cell** (EDC) is functioning for enhancing the industry-institute relationship.

The different kinds of activities which are followed in EDC are given below.

Arranging industrial visits, in-plant training and internship programmes to the students, for getting practical exposure and knowledge in the industrial environment.

Providing internship training programme for the faculty members from industry to update their knowledge on present day industrial scenario.

	Collaborating with the industry for R & D Projects.  Conducting awareness programmes on entrepreneurship skills and engineering and technological fields.  The cell invites experienced academicians, leading professionals with extensive corporate experience and entrepreneurs to address the students and thereby facilitate practical learning.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?
In the curriculum the selection of Elective course by the students is permitted.
6.11 Activities and support from the Alumni Association
Institute conducts alumni meet every year.
Alumni are invited to visit the college for a guest lecturers &
interaction with students to enhance the knowledge & skills of
the students.
The alumni help in bringing industries and companies for
campus Placements and provides employment opportunities to
the students.
Few students of the alumni are entrepreneurs, they motivate and
guide the students to become entrepreneurs.
6.12 Activities and support from the Parent – Teacher
Parent Teacher Association meeting is conducted periodically to know about
the students' progress. The meeting is a platform to offer suggestions for
further improvement and development of the students. The parents get an
opportunity to interact with the faculty advisors and heads of the departments

to know about their ward's performance and study

6.13 Development programmes for support staff

College continues to conduct skilled development program to the  ${\sf non-teaching\ staff}$  .

6.14 Initiatives taken by the institution to make the campus eco-friendly

Energy conservation

Use of renewable energy

Rain Water harvesting

Regular tree planting and green environment maintenance.

Installation of Solar street lights inside the campus.

#### Criterion - VII

#### 7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution.

Academic and lesson plan prepared by each faculty.

Improving soft skills of the student through training and placement.

Improving teaching and technical skills of faculty by various programmes.

Boarding facility is compulsory for slow learners while Examination period. Increasing placement opportunities for the student.

Improving social involvement of the students by NSS.

The students are taught for content beyond the syllabus.

Value added courses improves the technical skills of the student.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

It was planned to plant 30 trees in college campus during the academic year 2017-18. Accordingly, 23 trees are planted and grown successfully.

Expert lectures, Seminars and events conducted for the students.

#### 7.3 Give two Best Practices of the institution

- 1. Student Feedback System.
- 2. Slow learner's coaching System & Continuing Education for best learners.
- 3. Content beyond the syllabus

#### 7.4 Contribution to environmental awareness / protection

Tree Plantation: under the NSS programme more than 200 tress are planted .Conducting Blood Donation Camp in our college by NSS volunteers.

7.6 Any other relevant information the institution wishes to add.

#### a) Strengths

Internal Quality Assurance cell to guide and support for fulfilling the curriculum gap identified.

Value Added Courses are conducted to impact necessary skills to the students in order to fulfill industrial expectation.

Content beyond the syllabus are prepared by every staff in order to fill the curriculum gap between Industry and Institute.

Highly committed, dedicated and qualified staff.

Have increasing number in campus placements adequate lab facilities.

#### b) Weakness

Lack of departmental collaborations with the industries.

e)Opportunities:
1)Develop more interdisciplinary research/projects.
2)Make the department more research oriented.
3)Opportunity to offer need based programs to working professionals.
f)Challenges:
1)Challenges related to Entrepreneurship development.
g)Plans of institution for next year:
1)Strengthening on existing MOUs and entering newer MOUs
2)Enhancing the scope of consultancy
3)Aiming for higher salary for students in placements
4)Quality improvements wherever possible in Administration, Examination and other processes

Institute has IQAC with the following objectives:-

- To impart innovative teaching and learning.
- To provide quality education with futuristic trends in engineering and technology.
- To develop the institute as a research center for academic excellence.
- To ensure continual improvement in quality management system.
- To include social values, patriotism and professional ethics among the students.

IQAC meets once in a year and discusses about the improvement in teaching learning process. Resolutions passed in meetings are circulated to all Head of Departments for effective implementation. Principal periodically takes feedback from the Head of Departments / Faculty Members/ Students about the effective implementation of resolutions passed in IQAC about teaching-learning process.

IQAC reviews the ongoing academic activities and suggest the reforms to improve teaching learning process such as:-

- 1) In class rooms, laboratories teaching learning aids and equipments are to be provided. Class rooms, laboratories must be adequately furnished to provide conductive learning environment.
- 2) The laboratories must be equipped with computing resources, equipments and tools relevant to the programme. Equipments in laboratories should be properly maintained, upgraded and utilized so that students can acquire required skills through it.
- 3) Improvements in internal examination and internal evaluation process needed.

# **Annexure VI: Best Practices**

## A) Best Practice No.1:

## 1) Title of the Practice: Students Feedback System

#### 2) Goal:

To receive feedback from students about teachers, facilities and resources provided to them. To bridge the communication gap between students and teachers. To provide an opportunity to teachers to enhance their teaching skills. To receive suggestions from students for strengthening the teaching-learning process and overall academic environment.

#### 3) The Context:

Teachers do prepare for the classes they conduct throughout the semester. But sometimes they might not give a thought on how to convey a topic to students. In that case, even though the teacher is knowledgeable, competent and sincere, his efforts for communicating a topic to students go in vain. Unless such matters are brought to the notice of the concerned teacher, he/she cannot bring necessary changes into his/her teaching style. That is why the 'Students' Feedback System' came into existence in our Institute.

Secondly, students are continuously evaluating the facilities and resources provided by the Institute. In fact, they are the best critics as they are the end users. This includes the library facility, transport, Internet, Wi-Fi even drinking water and cleanliness of the campus. To utilize these facilities efficiently, suggestions from students are very useful. We also ask students to give suggestions in this regard while conducting the feedback.

#### 4) The Practice:

- **a.** Feedback is conducted twice a semester- Formative (in the mid of semester) and Summative (at the end of semester).
- **b.** There is a central feedback coordinator and also a coordinator at department level. The central coordinator is responsible for sending timely notices to Heads of the Departments and coordinators regarding the feedback activity and also for generating reports and sending them to the Principal and the Heads of the Departments Generally a feedback is conducted in 3-4 days. The department level coordinators look after smooth conduction of the activity.

- c. Students give the feedback. This encourages students to a give free and fair feedback. Students are presented with a questionnaire which they answer by selecting appropriate options. The questionnaire mainly concentrates on teaching-learning aspect of the feedback. The questionnaire is followed by a comment section where students can give their suggestions.
- d. HOD can check the feedback reports pertaining to his/her department. And the Principal can check feedback reports of all departments. The Principal discusses the reports in his meeting with the Heads of the Departments rigorously. In the meeting they prepare an action plan based on the feedback and suggestions received from the students. Heads of the Departments, in turn, communicate the action plan to respective faculty members.
- **e.** Based on the feedback report proactive actions are taken. A letter of appreciation is given to the faculty members. Those who score lesser are given appropriate guidance for improvement.

#### f. Problems Encountered and Resources Required:

Students can give suggestions only during the 3-4 days of the feedback activity. It should be possible for students to give suggestions any time throughout the semester.

#### B) Best Practice No.2:

#### 1. Title of the Practice: Best Outgoing Student Award

# a. Goal:

In every Academic Year the Institute felicitates the Best Student with cash prize of 21000/-, those students rank in first ten in university examinations.

### b. The Context:

The Academic Excellence achieved by the candidates during each Semester University Examinations is a major criterion. The Performance of all the candidates is also judged for Organizing Skills, participation in Co-curricular / Extra Curricular Activities, Sports, Paper presentation at National and International Conferences, and National and International Journals. The Performance of the candidates in Competitive Examinations and participation of candidates in Social Work for Community are also considered. Placement of the candidate in any reputed company is also a criterion for comparison.

#### c. The Practice:

The Final Year students submit the information regarding their achievements during the four academic years span from First Year to Final Year. Various Criteria considered for Best Student Award are as follows. The credits are given Academic Excellence achieved during Each Semester University for Examinations. Credits are also given for University Rank achieved in First Year of Engineering as all students have Common syllabus in the First Year. The Performance of all the candidates is judged for Organizing Skills, participation in Co-curricular Activities, Extra Curricular Activities, Sports, Paper presentation at National and International Conferences, and publications in National and International Journals. The Participation of candidates in Social Work for Community is also considered as one of the criterion.

The Performance of the candidate in Competitive Examinations such as GATE, GMAT and MBA CET and placement of the candidate is also considered as one of the criterion.
